

To: Board of Directors
From: Edward I. Miller, President
Date: February 14, 2019
Subject: Emergency Notification Systems

Background

I asked that this item be included on the agenda to give us an opportunity to discuss what the district can do to publicize emergency notification options.

Currently, at the bottom of every page of the district's website this graphic is available as a link to <http://ready.edso.org/>. This link gives residents the ability to register their phone in order to receive emergency notifications.

Recommendation

This item is for discussion only.
